1. Attached is a revised [redacted] briefing. A copy has been sent to Dr. Perry. Dr. Stevens invited Dr. Perry to participate and he accepted in principle, but he'll be out of town until 14 September. We will work out further details for his participation, but there is no particular need to clear this with [redacted]

2. A revised Soviet/Cuban Options in Rhodesia is also attached. The transformation from talking points into a paper to be read is still not satisfactorily accomplished. We will continue working on this.

3. Finally, packages are included on International Narcotics and Soviet Computers. You may want to skim these in preparation for future briefings if you have time.
